**5th December**  
Christmas Party

**12th December**  
Wine Club

## FRAGRANCE MAKING

To most people smell isn't just a fragrance, food or surrounding; it evokes a memory. This experience offers a chance to make your very own fragrance with our gorgeous blends from Grasse in France, the home of perfume.

Informative, fun and sensory, this is an exquisite journey to stimulate your nose and mind.

## DOG & DUCK HERDING

Learn how the handler trains the dogs to work the ducks and have a go at steering the ducks into the pens yourself. It's not as easy as it looks, but it's great fun!

To take the ducks around our obstacle course team work is key. This light hearted activity is fun for all the family.
